CELEBRATING  
30 YEARS OF  
ILLUMINATION

## ABOUT PABLO DESIGNS

Pablo's designs have been propelled to the forefront of American contemporary lighting by an uncompromising devotion to simplicity and utility. By fusing the highest technical sensibilities with the most appropriate material palette, Pablo is able to create unique, timeless designs with the power to transform any environment. Pablo was founded in San Francisco in 1993 by Venezuelan born industrial designer Pablo Pardo. Embracing a less-is-more ideology, Pablo frequently challenges traditional design metaphors, developing more practical solutions distilled down to their essence, form and light. A common thread links all of its creations, valuing permanence and sustainability, discarding the disposable mindset so prevalent today. Its mission is to create designs that deepen the relationship between objects, their users, and their environments.

## FOUNDER / CREATIVE DIRECTOR

### Pablo Pardo

With the creation of his first product in 1993, Pablo established a powerful and generative design philosophy. Since then, his core principles have informed the development of every light in the studio's 28-year history. These products continue to move with culture while withstanding trends in design and each one carries the underlying uniqueness that is distinctly "Pablo."

## DESIGN COLLABORATIONS

### Brad Ascalon

Brad Ascalon's multidisciplinary Manhattan studio was founded in 2006. With a reductive approach to his craft, Ascalon believes in design that is uncomplicated, rational and manages to find the perfect balance of form, function, and concept. Ascalon's work has been exhibited around the world, and in 2013 he was singlehandedly invited to represent American design with an installation at Moscow Design Week. Ascalon earned a Masters' degree for Industrial Design from New York's Pratt Institute in 2005, and that same year was recognized by Wallpaper magazine as one of the "Ten Most Wanted", emerging designers in the world. He attributes his passion for design to the two generations before him who instilled the value of craftsmanship and rigor.

### Carmine Deganello

Based in Amsterdam and Milan, Deganello's creative process begins with materiality and an empirical approach that is highly experimental. Research on materials and the ways in which they can unexpectedly drive the productive process is essential to his work. His lamp, Solis, is a product of Carmine's shared sensibilities and long-term collaboration with Pablo. Deganello has worked extensively in Europe as well as the United States, his projects have been presented, among others, at the Triennale Design Museum as part of the New Italian Design collection and at the MAK Museum for applied and contemporary art in Vienna. He is a graduate of Florence's Instituto Superiore per la Industrie Artistiche.

### Pablo Studio

The Pablo Studio is a small group of makers and inventors with a diverse background in industrial design and craft, and a deep understanding of manufacturing, materials and technology. They aim to foster a sense of discovery and deeply personal utility in people's interaction with objects. In beginning a new project, the team isolates a concept, meticulously refines it, and then reduces it to its central principle. The studio requires each design element to contribute to the essence of an object, following the Pablo philosophy of "less is more." Pablo Studio works together to develop products that offer people unique experiences and broaden the field of lighting design.

# BELMONT

The Belmont Collection was a collaborative creation with designer Brad Ascalon. Re-envisioning the traditional fabric shade lamp, but with the warmth and preciousness of hand crafted furniture. Belmont's iconic, yet reductive form creates a natural canvas for displaying an exquisite array of textiles from premium wool to colorful woven fabrics that can be paired with a solid crafted oak wood armature. Belmont Floor floats over a majestic trio of solid wood posts while Belmont Table sits atop a solid wood base that echoes the shade form. Perfectly suited for residential and hospitality environments alike, Belmont Floor and Table are offered in three luxurious shade colors with two rich wooden finishes.

Designer: Brad Ascalon + Pablo Pardo + Pablo Studio 2020

# BELMONT TABLE

## DESCRIPTION

An elegant interplay of proportion and material, the Belmont Table Lamp is designed to illuminate interiors from modern to traditional. Its iconic shade form is comprised of premium wool felt fabric or premium woven white fabric that is delicately balanced over a contrasting hand-crafted solid wood base in oak or walnut. Belmont's unique base also features full range dimming to set the perfect ambiance while two convenient USB ports offer charging capability for all your mobile devices. Belmont Table sits perfectly in residential as well as hospitality and contract environments offering a low sitting light solution that focuses on indirect upward light with a warm and bright glow. Three standard shade colors are interchangeable with 2 wood base finishes.

# BELMONT FLOOR

## DESCRIPTION

An elegant interplay of proportion and material, Belmont Floor's timeless design is perfectly at home in both modern and traditional settings. Its iconic raceway shade form is lined with premium felted wool or premium woven white fabric that is delicately balanced over a graceful tri-pod leg assembly hand-crafted from solid oak or walnut. Belmont Floor's majestic frame stands at a 62.5" (159cm) height providing warm and bright illumination that's fully dimmable to set the perfect ambiance in any living area. Perfectly suited for residential and hospitality environments alike, Belmont Floor is offered in three luxurious shade colors with rich wooden finishes.

# BOLA LANTERN

Based on the Bola Sphere Table 8, the Bola Lantern adds a premium leather handle and a rechargeable battery that enables a level of portability new to the Bola Family. Bola Lantern's size and stature give a sense of presence that is unfound with portables, while maintaining the lightness associated with the floating orbs that are Bola. Discs are available in chrome, brass, gunmetal, and matte black. The leather handles are available in a natural vegetable tanned leather and black. Battery life ranges from 10 - 300+ hours depending on light intensity. Bola Lantern produces 280 lumens of warm ambient light.

# CAROUSEL

Carousel blurs the line between ambiance and utility combining a low setting wireless charging tray surface for your mobile devices with warm, glare-free illumination. It's low profile LED light module is discreetly concealed below its mating tray and suspended atop a transparent fluted acrylic cylinder diffuser that radiates mesmerizing light patterns onto the table surface below. Perfectly suited for desktop or bedside use, Carousel embodies a uniquely hybrid perspective on what a personal light can be. The base diffuser is offered in both clear and bronze tint and can be paired with a spun steel tray in matte white, terra cotta, and graphite finishes.

# NIVÉL

At the intersection of truly functional lighting and furniture, Nivel brings warm and dynamic illumination to any residential, hospitality or work space. The Nivel portable collection consists of rechargeable, battery powered table and floorstanding lights that allow for freedom of movement to bring light to areas not serviced by power outlets. Perfect for indoor and outdoor entertaining, Nivel instantly becomes the focal point of any social gathering and can be easily toted by its solid wood post handle. Its cleverly designed shade/light engine assembly can be easily raised and lowered to any desired height around its crafted wooden post to provide maximum light control depending on user preference. Nivel portables are available in both pedestal floor and shaded table and floor models with 6 painted colorways in matted white, Terracotta, Forest Green, Slate Blue, Espresso and textured black and can be paired with either a white oak or walnut post. LED light engine features glare free flat panel light technology with best in class battery life of between 9-65 hours depending on light level.

Designer:  
Pablo Pardo + Pablo Studio 2021

# NIVÉL PEDESTAL

## DESCRIPTION

At the intersection of functional lighting and furniture, you find Nivel. As an adjustable height side table, Nivel provides a totem to gather around. Portable and rechargeable, Nivel enables users to bring light to areas not serviced by power outlets. Sturdy enough to rest a few beverages atop while nimble enough to be raised or lowered at a moment's notice. Its cleverly designed light module rests securely fastened around a solid wood post fastened to a powder-coated steel base for added footing. A soft ambient downward facing light panel completes the package, bringing an unobtrusive light source to your home or office space. The post is offered in both solid oak and walnut and can be paired with a powder-coated tray in White, Terracotta, and Black.

# NIVÉL PENDANT

Redefining the future in pendant illumination, Nivel's pure and elegant silhouette features a colorful pallet of spun shade forms combined with an articulating flat panel LED light engine that pivots gracefully on axis to focus light downward or as a wall wash to provide seamless light control for any space. Nivel pendant can be suspended individually or in large multi-light clusters powered by a single hardwired canopy allowing the user to reposition the lights to any desired height, span and directionality. Available in 2 sizes: 15" (38cm) and 22" (56cm) and 6 powder coated finishes in matte white, Terracotta, Forest Green, Slate Blue, Espresso and textured black with choice of black or white fabric cord and ceiling canopy. Nivel will also be available in flush-mount variations for both sizes.

# SKY

The Sky Collection was inspired as a modular pendant lighting system and Sky Solo is the core foundational element. Its minimal all-aluminum design highlights a powerful two-sided flat panel light source with Dim to Warm LED technology that can deliver up to 1250 lumens of warm ambient light in all directions. Sky Solo can be suspended individually, in series, or as striking chandelier groupings for residential, contract, and hospitality settings alike. Solo's light element can also be combined with a wide range of premium shade reflectors in metal, wood, and accoustic felt to provide an extraordinary breadth of performance and decorative solutions for residential, office, and hospitality settings alike.

# T.O

T.O celebrates and reinforces the importance of light as a pillar of our daily life. A monolithic column stands to support a horizontal and vertical line of light to provide precise light control in all directions. T.O embodies a harmonious dialogue between solidity and lightness offering unlimited contexts for use in residential and workplace environments, all within a minimal footprint. T.O features a fully dimmable LED light source with tactile push switch appropriately positioned at the end of arm. Both table and floor versions feature a magnetically attached light arm over a marble cylinder base while the light wand can be rotated up to 360 degrees to provide both direct and indirect light for task and ambient lighting needs alike. T.O is offered in 2 marble base finishes in Marquina black and Carrara white while the light arm is elegantly contrasted in polished surfaces in brass and chrome. T.O is a seamless integration of functional lighting and sculpture.

# T.O PENDANT

## DESCRIPTION

T.O Pendant celebrates the importance of light as a pillar of daily life. T.O features an elegant wand of light suspended by two decorative woven nylon belts finished with over-molded features that allow for full 360-degree rotation to direct light in all directions. T.O Pendant can transform from a direct task-oriented light to indirect ambience with minimal effort. It's suspension system allows for ultimate freedom and creativity to suspend in a wide variety of configurations from a linear series, to multi-axis and multi-level groupings to create stunning displays for residential and workplace environments alike. T.O Pendant's is offered in Polished Chrome, Brass, Gunmetal and Matte Black finishes paired with colorful suspension belts in Burnt Orange, Olive Green, Denim Blue, and Graphite and can be mixed and matched to any desire.

## FIXTURE TYPE

Pendant

## LIGHT SOURCE

High output LED array

## LIGHT CONTROL

# TOTEM

Totem is a versatile pendant lighting collection comprised of exquisitely blown opal glass shades designed around a modular platform. Totem's soft, pure white geometric forms provide a charming interplay of unique combinations to provide warmth and elegance to any space. Users can select from 4 shade styles (A,B,C,D) to mix and match to create an ensemble of 20 unique pendant combinations. Totem provides both direct and indirect illumination by employing a two-part LED light engine that provides both uplight and downlight resulting in a warm and dimmable ambient glow projecting through its softly diffused glass structure. Totem singles can be used in flush mount down-light only scenarios as well.
